This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Background: In 2007, the voters ratified a constitutional amendment that created the Budget Stabilization Account (BSA) as Article VII, section 12 of the Washington Constitution. In general, appropriations from the BSA require a three-fifths majority in each house of the Legislature, but in the case of a catastrophic event or low employment growth, the Legislature may appropriate from the BSA with a constitutional majority vote of each house.

On September 2, 2017, the Governor declared a state of emergency for all of Washington because of the high risk of wildfires throughout the state.

Summary of Bill: The gubernatorial declaration of emergency due to wildfires is cited.

For fiscal year 2018, \$2.655 million is appropriated to the Washington State Patrol for fire mobilization costs and \$19.808 million is appropriated to the Department of Natural Resources for fire suppression costs incurred during the 2017 fire season.

The BSA appropriations do not alter the requirement to balance the budget in the ensuing biennium under the state's four-year balanced budget requirement, also known as the State Budget Outlook.

Appropriation: Two appropriations, totaling \$22.463 million, are made to the Washington State Patrol and Department of Natural Resources.

Fiscal Note: Not requested.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: The bill contains an emergency clause and takes effect immediately.

Staff Summary of Public Testimony: No public hearing was held.
